

THE U.S. Senator Thad Cochran FORUM ON AMERICAN ENTERPRISE

A fund-raising luncheon for the Mississippi Council on Economic Education
 Location: Jackson Marriott on November 2, 2010

Enterprise education – good old-fashioned basic economics – is back in Mississippi classrooms, thanks to the enterprise initiative of the *Mississippi Council on Economic Education*. One semester of economics is now required starting with the class that entered high school in 2008 and with encouragement and support from the Mississippi Department of Education, teachers are seeking professional development to competently teach the new required economics education curriculum. Since its inception, 41, 270 Mississippi students participated in the Stock Market Game, learning first-hand how the stock market and the free enterprise system works. But only with your help can we sustain and grow this important program for students.

Prior to 2003, Mississippi was the only state in the nation without a Council on Economic Education. Thanks to the encouragement of U.S. Senator Thad Cochran, the Council for Economic Education organized an effort to help Mississippi leaders launch a program here in the Magnolia State. MS now ranks 2nd in the country for effectiveness in the delivery of economic and financial education and for every dollar raised, 89 cents goes to direct programming of our state’s teachers.

___ **Yes!** I want to help keep and expand economics education in Mississippi classrooms! Please bill me for the following sponsorship level (check appropriate box):
